

Azure Dev Tools for Teaching

Department of Information & Telecommunication Systems & Services,
International Hellenic University

What is Azure Dev Tools for Teaching

Azure Dev Tools for Teaching (previously known as Microsoft Imagine Standard and Premium) is a subscription-based offering from Microsoft for easy software distribution to students and faculty.

With **Azure Dev Tools for Teaching** you can download and install software for instructional, learning and research purposes only.

All members of the academic community of the International Hellenic University are eligible to access Azure Dev Tools, if they have an academic Office 365 email account.

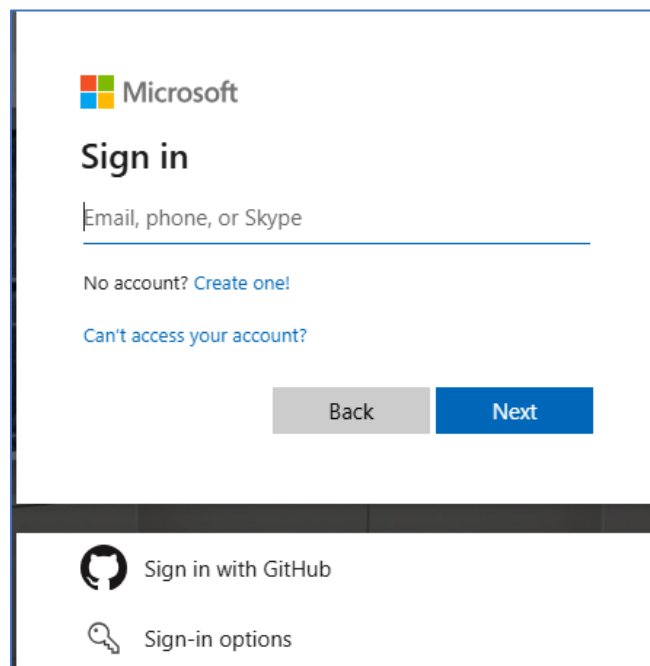

Login instructions

Make sure that you have an active **Office 365** account. If not, please contact the IT Department of the University.

You can access the **Microsoft Azure Dev Tools for Teaching** through the following link:

<https://signup.azure.com/studentverification?offerType=3>

Login with your academic Office 365 email account (username@ihu.gr or username@ihu.edu.gr)

 Sign-in options

When you login, you will be asked to verify your student status.

Fill in your **First** and **Last name (if not already been filled)**, the institution's country (**Greece**), your **School Name** (select "**Διεθνές Πανεπιστήμιο Της Ελλάδος (Θεσσαλονίκη)**") – it will be automatically filled out after typing the first characters) and your **Birth date**.

Your **academic O365 email address** is pre-filled out. Then solve the CAPTCHA test and click on **Next**

The screenshot shows a web form titled "Academic Verification". At the top, there is a header with the title and a close icon. Below the header, a paragraph of instructions reads: "Start by entering your name as per the school records. Select your school's country and enter your school's name. Enter your date of birth as per the school records." The form contains several input fields: "First name", "Last name", "Country" (a dropdown menu with "Greece" selected), "School name" (with "Διεθνές Πανεπιστήμιο Της Ελλάδος (Θεσσαλονίκη)" entered), "Date of birth" (with a calendar icon), and "School email address" (with "vparaprastanitis@ihu.gr" pre-filled). A small note below the country dropdown says: "If your country is not listed, the offer is not available in your region. [Learn More](#)".

In the center of the form, a large green checkmark icon is displayed above the text "Verification complete!". Below this, it says "You've proven you're a human. Continue your action." At the bottom left of the form, a blue "Next" button is highlighted with a red rectangular border. At the very bottom, there is a "Terms" section with a dropdown arrow and a text box containing the text "Verify academic status and accept terms".

Check on **I agree to the Subscription Agreement, Azure Dev Tools for Teaching Agreement** and click on **Verify academic status and accept terms**

Academic Verification

Terms

I understand that Microsoft may contact me about my free account.

- I agree to the [subscription agreement](#), [Azure Dev Tools for Teaching agreement](#).
- I would like to receive information, tips, and offers about Azure and other Microsoft products and services.
- I would like Microsoft to share my information with select partners so I can receive relevant information about their products and services.

Save the .iso file in a folder of your device (PC, laptop)

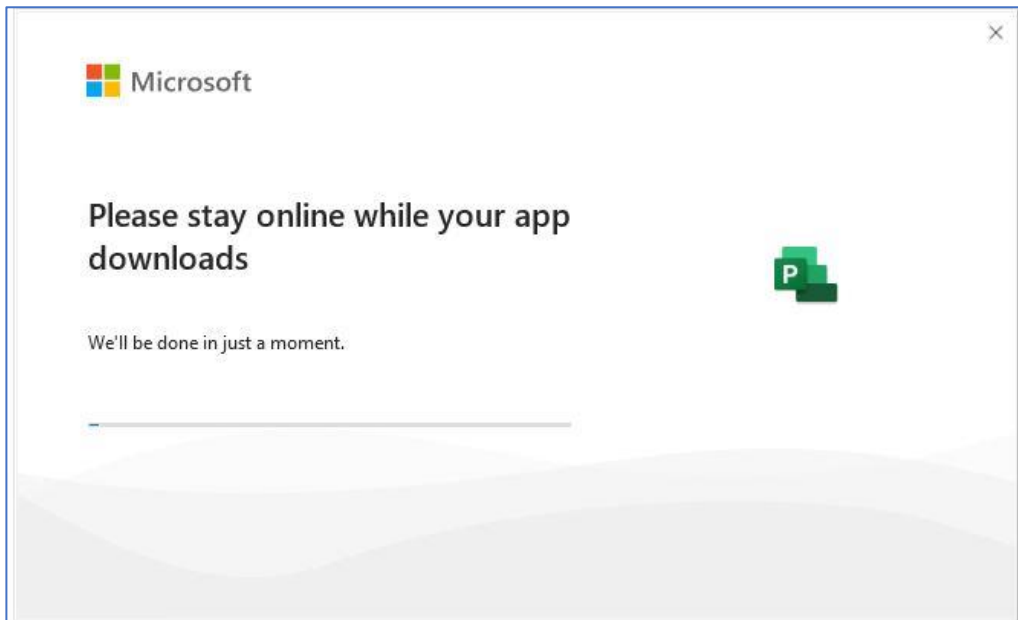

Then, double click on the saved .iso file to open it.

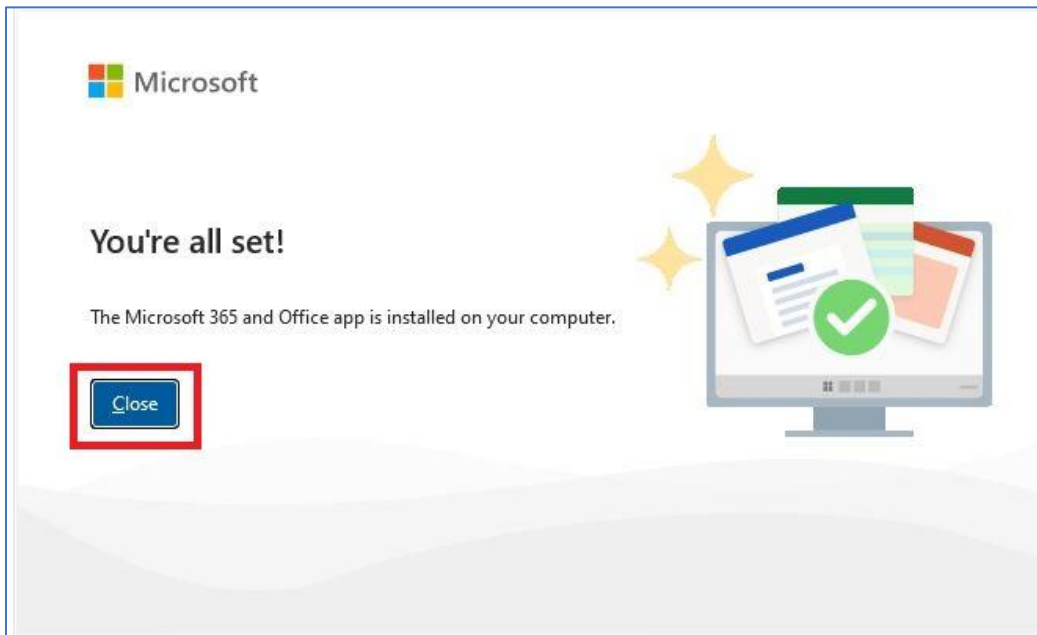

From the new window, double click on **Setup.exe** file and then click on **Run** to start installation

The installation process will take some time to complete.

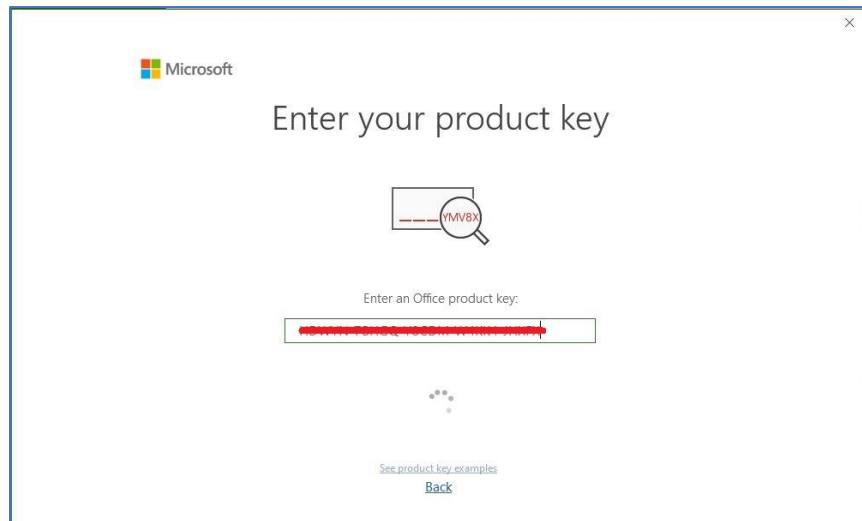

After the completion, click on **Close**

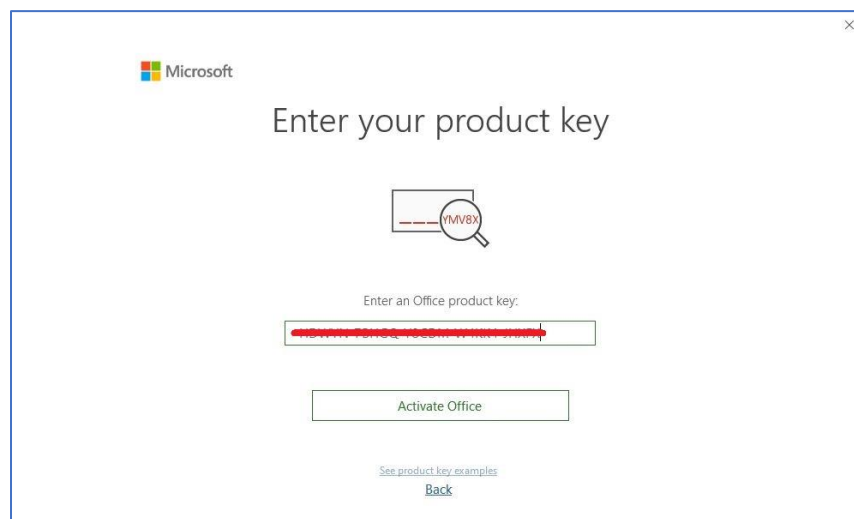

Launching and activating Project

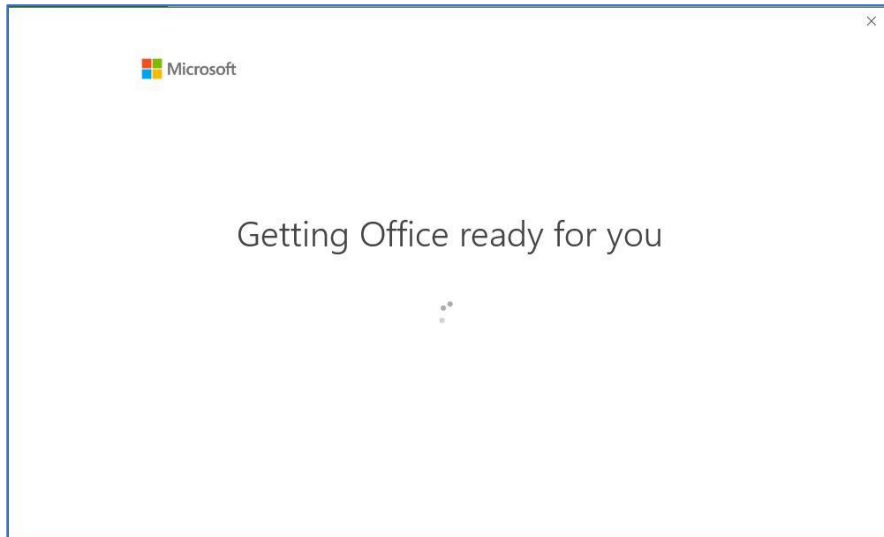

Launch **Project** from your **Start menu**

You will be asked to **Enter your product key**. Paste the product key that you had copied earlier.

Wait for a while and then click on **Activate Office**.

Finally, click on **Accept and start Project** and **Project** is activated.
